# GARVEY'S SCHEME ATTACKED AT THE BRUSSELS CONFE

## TO DALLAS COUNTY JAIL.

Prisoner Killed on Return Trip.

David Bunn, Negro, indicted for the sensational robbery of a camping

officers were returning the Negro from Dallas, where he had been held since his capture, at about 6:20 a.m. When the car was about two miles east of Arlington the prisoner pointed ahead, saying "there's a mobaccording to the officers. When the officers looked up the prisoner jumped out of the car. He was shot almost instantly when he tried to flee, the officers reported.

Sworn statements of Sheriff Carl Smith and Deputy Tom Snow, who shot and killed Bunn, show that the Negro's leap from the automobile probably was caused through fear of mob violence.

Bunn was charged with six capital offenses. He was identified as the beandit who attacked and robbed the members of a camping party of J. W. Zuch at Lake Worth He was connected with three other cases of robbery with fire arms and two cases of criminal assault on women.

party at Lake Worth and for attempted criminal assault, remains in the Dallas County jail after twe unsuccessful attempts on the part of Fort Worth mobs to remove and lynch him. Rumors that a third party was forming at Fort Worth Friday afternoon, bent on taking the Negro from the county jail here were discounted by deputies of Sheriff Dan Harston, who said they are prepared for any trouble which might rise and that 1.000 men could not force a delivery. Sheriff Dan Harston broke the spirit of a crowd of fifty men who attempted to storm the jail at Dallas at 2:25 Friday morning when he stood alone on the criminal courthouse steps and said coolly: There's nothing doing. The Negro will appear for trial when his case is called in Fort Worth. Oct. 14:

The crowd, which was chiefly made up of young men, many of whom wore ex-service buttons, seemed to lack leadership and organization and was completely broken up when Sheriff Harston refused to admit a searching party, and when a committee of six looked upon a machine gun which the Sheriff keeps in his office for safekeeping.

### CONTRIBUTE TO THE ORPHANAGE WITH SYSTEM.

Last week we called attention to the fact that the Orphanage at Gilmer, performed a definite service for our people in Texas and should be more heartily and systemmatically supported by them.

It is true that comparatively few of our organizations realize their duty to this institution to the exicut of giving heartily to its support. Voluntary contributions among us are comparatively infrequent, due, no doubt, to our failure to fully appreciate our duty in this regard.

Only a small per cent of the funds necessary to the upkeep of this orphanage come from the Negroes of Texas, that should not be so. It would not be so were every organization large and small to adopt the system now used by three institutions of the state of which we have

New Hope Church of this city, through its pastor, Dr. A. S. Jackson, has see apart one Sunday in the year on which all moneys collected, go to this orphanage. The consistent following of this plan results each year in the contribution of a substantial sum, collected without expense and

trouble of personal solicitation of Rev. Dickson or his representative. The last Grand Lodge of the Knights of Pythias of Texas through its Grand Chancellor and Board of Directors contributed \$500 to the institution and it is expected that such action will continue in future years. This sum was donated without the expense and trouble of personal seli.

The last Grand Lodge of Odd Fellows of the State of Texas adopted his a resolution turning over to the orphanage the receipts of all Thanksgiving day sermons in the jurisdiction-an amount which will prove highly

These three institutions are cited as setting examples well worth be. ing followed by each one of our organizations. Systemmatic contribution is more acceptable than any other.

If each one of our organizations in Texas were only to realize this fact to the extent of adopting some definite method and time of contributing, lasting good would result to them and the institution could make its obligations with more definite prospects of readily meeting them. The Orphanage m ans much to us and to Texas generally.

It fills a definite place in the care of our orphaned children-Every lodge, cleurch and individual among us would do well to ine a substantial contribution to its maintenance in the regular budget

In fairness to ourselves and our plain duty to the unfortunate an e should do no less.

on that color, there is little in common among many of the groups of Colored peoples in various parts of the world Different languages, religions, customs, traditions, civilizations, environments and viewpoints form a barrier to complete unity of thought and action that must be overcome. Certain it is that men of color must unite if they are not to be submerged during this troublesome period of readjustment, That unity can come only through acquaintanceship and knowledge and sympathy. Those things can come but slowly. During the coming years and through future sessions of the Pan African Congress, many difficulties will arise because of this lack of contact and of knowledge but each year, if the work is continued with seriousness and intelligence, will see a gradual decrease of that friction. All of us who are so deeply and sincerely interested in the advance of the cause of the Negro will chafe and fret at these delays but that we will come and we must meet them. Only by so doing will we ever see the man of color take his right-

## ZLER OF COMPANY'S FUNDS.

DR. MOTEN SPEAKS IN NOR-FOLK, VIRGINIA.

Says Races Must Rise or Fall Together. Flays Organizations Built on Hatred.

By Wm. Anthony Aery.

Norfolk, Va., Get. 13.—"White people are unselfishly organizing themselves, and, in co-operation with respectable Colored people, are striving to see that the Negro gets a fair chance and absolute Justice under the laws, declared Dr. Robert R. Moton, principal of Tuskegee Institute and president of the National Negro Business League, in a recent address which he delivered in the First Baptist Church (Dr. R. H. Bowling, pastor) before a large mass meeting, held under the auspices of the Negro Chamber of Commerce of Norfolk (H. T. Dickey, president and James E. Scott, secretary-manager.)

Dr. Moton, who served for many years as commandant of cadets at Rampton Institute before he became Booker T. Washington's successor at Tuskegee, made a vigorous plea for business honesty and condemned wildcat business schemes. He spoke fearlessly against all business organizations which men attempt to develop on the basis of race prejudice.

Dr. Moton spoke on the value of industry, racial integrity, and morality. He made a pies that the two races should learn to live together peacerully and harmoniously, thus sharing the blessings of prosperity. "I want," he said "to coment more fieledly and sympathetic relations between the two races that must succeed or fall together.
